

COURSE ENDORSEMENTS - 2009

Teaching ability of Dr. Arnett is excellent. He repeats every important aspect. It was a very exciting course.

Korkmaz Sayinsu • Istanbul, Turkey • Orthodontist

Allows surgeons and orthodontists to have a common language – dissolve barriers to communication and create long term benefits for everyone.

Vince Quos • Bend, OR • Orthodontist

It's really amazing to learn with this methodology and it makes us more secure because everything that has been taught is published.

Diderot R0drigues Parreira • Brasilia, Brazil • Cranio Maxillo Facial Surgeon/ENT Surgeon

This is the only course I have ever taken that will change how I do things in my office the 1st day I get back.

Bryan Brettin • Hudson, WI • Orthodontist

Simply the best thought out and planned course anywhere. The system is complete from first evaluation to surgery to follow up. It all makes sense.

Stuart Deane • Pymble, Australia • Oral & Maxillofacial Surgeon

The techniques presented have a firm basis in the literature and make sense intuitively. This course will definitely change the way I practice and will improve outcomes.

Luke MacMenamin • Woodbury, MN • Oral & Maxillofacial Surgeon

Very rich, very interesting...I will recommend this course to all the orthodontists and surgeons I ever meet.

Mayssa Satli • Burayday, Saudi Arabia • Orthodontist

Great photos, great organization. You leave the course with a complete understanding of orthognathics from start to finish.

Doug Squire • Longmont, CO • Oral & Maxillofacial Surgeon

As an orthodontist, this course gives such a better understanding of facial relations and treatment possibilities, which will translate into a higher standard of care for all my patients, not only the surgical ones.

Stefano Troiani • Sonderborg, Denmark • Orthodontist

Great combination of theory, literature documentation and case presentation.

David Sabott • Boulder, CO • Orthodontist
